MEMORANDUM FOR: Director of Central Intelligence
Deputy Director of Central Intelligence

FROM: Lieutenant General Edward J. Heinz, USAF
Director, Intelligence Community Staff

SUBJECT: FY 1988 Goals and Objectives

REFERENCE: Memo to DCI and DDCI fm D/ICS, dtd 11 Jan 88, Same Subject

1. Earlier this year, as shown in the referenced memorandum (attached), the Intelligence Community Staff enumerated its goals and objectives for FY 1988. These goals and objectives focused on two interrelated problems: how to most effectively serve as the DCI's principal resource for facilitating management of the Intelligence Community as described in Executive Order 12333, and how to structure the Intelligence Community Staff to cope with changing Community needs. [REDACTED]

2. A review of ICS performance to date in meeting these goals and objectives shows that very significant progress has been made, and that at this juncture, the Staff has a fine record of accomplishments, and is better configured to meet the expanding demands of Community management. The few shortfalls in meeting these goals and objectives come about almost entirely from manning deficiencies, either because of the budgetary limitations on the number of personnel or because of time delays in bringing personnel on board. Overall, the Staff is justifiably proud of its performance this fiscal year, and is now more capable of responding to unanticipated events and changing Community needs. [REDACTED]

3. Performance against specific goals and objectives is as follows:
